WWW.GBMCAA.ORG

HISTORY

The Greater Boston Morehouse College Alumni Association (GBMCAA) was founded in 1972. Like most alumni associations, the function of the GBMCAA is to serve the best interests of the college within a particular geographical region - in our case, Boston and many of the surrounding communities throughout New England. The organization boasts more than 150 members, the majority of whom are African American male professionals or graduate students in the Greater Boston area.

MISSION

The GBMCAA provides educational development opportunities for Boston-area students through scholarship and mentorship programs, and provides alumni in Greater Boston a medium to further develop their relationship with Morehouse College.

VISION

The GBMCAA encourages and promotes a culture of scholarship, and a community of mentorship by developing a pipeline between Morehouse College and Greater Boston.

1. Conducting educational programs like the Young Men's Leadership Conference for local students.
2. Partnering with Boston-based non-profit organizations.
3. The "House on the Vineyard" initiative.
4. Granting full and partial scholarships to Boston-area Morehouse College students.
5. Linking graduates to career opportunities, the GBMCAA continually strives to be a leader of community engagement in the Boston area, and the leading chapter of Morehouse College alumni.
6. Exposing young people of color to college and every field of human endeavor via our Young Men's Leadership Conferences and College Access & Resource Workshops
7. Partnering with for profit and non-profit organizations to scale and optimize positive outcomes for young people of color
8. Providing over \$25K in college scholarships annually
9. Connecting people of color to career opportunities
10. Training and mentoring young men of color to be community servant/leaders
